

RUSSIA ASKS U. S. TROOPS BE RETAINED

Delegation to Washington to
Protest Withdrawal.

LONDON, Sept. 12.—An official delegation of the Archangel government has arrived in London en route for Paris and Washington, to protest against what is termed the abandonment of Russia by the United States, England and France, contrary to pledges which the delegates assert were given to the Archangel government by American Ambassador Francis. The latter, they declare, promised that American forces would remain in northern Russia until the bolsheviks were driven out.

The delegates requested that the following message be transmitted to President Wilson:

"We want to remind President Wilson that as the allies came to the help of Russia and promises of help were made by Ambassador Francis, they have no right to leave us unprotected in this, the most critical moment. If the allies abandon us without protection we have recourse but to fight to the finish and die for our homeland."

PHONE STRIKE AT SHAWNEE OFF SOON

SHAWNEE, Okla., Sept. 11.—(Special).—After being in session for four days, the state board of arbitration and conciliation announced tonight that they were hopeful of being able to announce a resumption of telephone service in Shawnee in the course of a very short time. The commissioners have held public and private hearings and have been in consultation with the officials of the Southwestern Bell company, the striking telephone girls and the business men of the city. The business men have appointed a committee from their number to endeavor to arrange for an immediate resumption of service, claiming that a further delay will be disastrous to the best business interest of the city.

Blow to Honduras

WASHINGTON, Sept. 12.—Collapse of the Bertrand government in Honduras will have an important effect upon relations between the United States and Central America and will be a severe blow to the prestige in Latin-America of President Carranza of Mexico. Latin-American diplomats here and officials of the state department believe. The overthrow of Bertrand, it is expected, will put an end to the efforts of his faction in Honduras and the Salvadorians to unite the two countries—a plan fostered by Carranza in his attempt to build a strong Pan-Latin league of nations to support his stand against the United States.

FORMER TOLD HIS TIME HAD SURELY COME

Heady Says He Was So Badly
Run Down Friends Thought
Nothing Could Help Him
Regain His Health—Tanlac
Restores Him.

"I am seventy years old, but since taking Tanlac I feel as well and strong as I did when I was a young man, and can do as much hard work in a day as any man thirty years younger than I am," said J. P. Heady, a well known retired farmer who lives at Kearney, Mo., a few days ago.

"Well, sir, when I commenced taking Tanlac," he continued, "I had been told that my case was hopeless, and that I could live only a short time. My stomach had been in bad condition for many years, but for the past eighteen months I was about past going altogether. Everything I ate would sour and I would be bloated with gas for hours at a time. My liver was in bad condition, too, and I was constipated so badly all the time that I had to take a laxative every day. Then in addition to this, I had rheumatism in my feet and legs so bad that I was not able to walk half the time. I didn't know what a good night's sleep was, and finally got so weak and run down that I was just about down and out so far as health and strength goes. No treatment or medicine took seemed to do me the least bit of good. "I had heard a great deal about Tanlac and the good it was doing so many people, so I thought I would give it a trial. The very first bottle made a big change in my condition, and from that time on, I picked up about as fast as a man possibly could. I just kept on until I had taken ten bottles of Tanlac, and now my troubles are all gone and I feel fine all the time. My appetite was never better and I eat things now that I have never loved touch for years, and I never have an ache or pain. I get about ten hours good, sound sleep every night. My general health is better than it has been in many years, and my entire system has been wonderfully built up. I can do all sorts of hard work now, and it doesn't tire me but very little. Yes, sir, Tanlac can't be best, and I'll tell the world that it is the best medicine I ever saw in my life."

TANLAC is sold in Oklahoma City by the Westfall Drug Co., and leading druggists and dealers everywhere. (Adv.)

Ukulele Craze Seemingly Is Dead in City

Jazzing Takes Place of Hula
and Waikiki and Shredded
Wheat Dresses.

"Please, can you tell me where to find a ukulele teacher?" That question isn't asked so often now as it was two—even one year ago. The "uke," with the hula and the shredded wheat garments and the Hawaiian love songs, is being swept out of popularity by the new broom of universal jazzing.

Only two teachers in Oklahoma City now offer to instruct in the gentle art of strumming the ukulele, where a year ago their name was legion. This sign used to attract the crowds on Main street, "Buy a Ukulele. Instruction by Hawaiian Teacher Free." Music stores still sell ukuleles to customers ranging from 5 years old up with 10 cent books of instructions. They're easier to learn than anything except the mouth organ. And yet the craze never went to the same lengths as the old-fashioned mandolin. In the days when every college youth was pictured as having a bull dog pipe, a turned-up hat and a membership in a mandolin club.

THE DANGER TIME IN A WOMAN'S LIFE

When the Whole Nervous
System and Constitution
Undergo Racking
Disturbances.

This trying period occurs generally between the ages of 40 and 50. It is a divided time, often marked by frequent battles and disturbances of health of a serious nature. The whole nervous system is continually on edge, the vitality is lowered, the mind becomes distracted through dizzy headaches and hot flashes, all of which tend to undermine woman's health.

What a friend Pepsinol has proved to thousands of women passing through this critical stage of life! This old time tonic is favored by delicate women for its vitalizing and strength building properties. It acts as a nerve soother, it restores lost energy. It insures a clear, sparkling eye, the glow of health in the cheek, a quick step and the desire and power to be up and doing.

There is nothing to equal Pepsinol for chronic indigestion, dyspepsia and constipation, falling appetite and run-down system.

There can be no human happiness where there is no health. Pepsinol will give you both. It is made from the purest ingredients, has a delightfully pleasant taste and can be safely taken by old and young of both sexes. If you could read the many grateful and unimpeachable testimonials that people have written about Pepsinol, you would use it steadily every day as a tonic, invigorator and corrector for the above ailments. Don't wait until you are all run down, take a little Pepsinol every day and keep well.

When you think of "pep" think of Pepsinol.

Genuine Pepsinol is made only by The Pepsin Medicine Co., Memphis, Tenn., and is in strict accordance with the Medical Standards of the United States Pharmacopoeia. To be convenient for everybody and yet to prevent substitution being sold for Pepsinol, we have appointed a special "Pepsinol Agent" in each section of Oklahoma City: Wakarusa Drug Co., Grand and Harvard.

A. J. Vekval, Reno and Robinson, Robinson Drug Co., Corner C and Robinson streets.

Clayton Boulevard Pharmacy, 30th and Clay.

Hospital Pharmacy, corner 8th and Dewey streets.

Orchard Park Pharmacy, corner Main and Western.

Look for the "Pepsinol Agent" in your locality. (Adv.)

**SHOOK WITH
NERVOUSNESS**

**A Lady Was Flat on Her Back
With Terrible Spells, But
Her Husband Got Car-
diui—And Now She
Is Grateful.**

McKinney, Texas. — Mrs. Mary Stephenson, of this place, states: "About a year and a half ago I was down in bed for six weeks, not able to sit up. I was flat on my back and had terrible spells. . . . Why, it looked like I would die. At times I didn't know anything. I would get nervous. I couldn't bear anyone to talk to me—I would just jerk and shake with nervousness. . . . I would get numb and feel so weak. . . . I said to my husband I knew Car-
diui was good and I believed I had best try it."

He got me a bottle of Car-
diui, and when I had only taken one-half bottle of Car-
diui I felt stronger. I took a half a dozen bottles altogether, then in two weeks after I began taking I was up, in three I was doing my work. I praise Car-
diui for I believe it saved my life and I am grateful."

For over 40 years Car-
diui has been helping weak, sick women back to health and strength. Try it. (Adv.)
